Kids party in Madurodam

Is it almost time for your birthday? And do you want to have an unforgettable party? Then take your friends to Madurodam and discover what makes a small country great!

Step into the shoes of DJ Armin van Buuren and mix your own beats. Do you want to learn to fly? Discover this at Schiphol! Fill ships with containers at the port of Rotterdam.

Start the party with a delicious birthday meal at your party table! After you enjoyed your meal, don't forget to visit all our indoor attractions.

Program

Madurodam is available for birthday parties every Wednesday. We offer our young birthday guests the following program:

1. You and your friends will receive a festive reception in a specially reserved part of the restaurant. Lemonade and coloring pictures are of course ready for you.

Do you want a festive birthday cake at your party? Let us know! Ask for the options and costs when you make your reservation.

2. Go on an exciting treasure hunt in the park together with your friends. Are you able to solve the puzzle?

3. Choose from one of the two kids' menus.

4. Last but not least: go wild in one of our playgrounds.
