Children's parties 2017

Children's party in Madurodam!

Why not hold your child's birthday party in Madurodam? The children will have great fun exploring the park and taking part in an exciting scavenger hunt. Lemonade is served at a festive party table, where the children can do some colouring. At the end of the afternoon, a delicious birthday meal is served to all the boys and girls.

The children are made to feel welcome with lemonade and colouring pictures, after which they can go outside.

There is so much to see and do. Step into the shoes of DJ Armin van Buuren and mix a beat at the DJ table, just like he does. Learn to fly like a pilot at Schiphol. Load containers onto a ship in the Rotterdam harbour. Quick, close the Eastern Scheldt flood barrier on time to prevent the country from flooding!

And don't forget to visit the indoor football attraction Zo Groot Is Oranje (This is how big Orange is) and learn how the orange mania came about. Afterwards you can show off your football skills on our pitches. We also have an adventure playground where you can let off steam, as well as a Miffy playground for the tiny tots. Last of all you can make a cool 3D scan of yourself in the Fantasitron as a nice souvenir of your day at Madurodam.

Since 2015 we have had a new attraction called Het Hof van Nederland (The Court of the Netherlands). Experience the story of the birth of the Dutch nation and let us take you back to this exciting moment in Dutch history. Feel the wind in your hair. See the fire burning in the hearth. Look, isn't that William of Orange?

If all that playing has made you hungry, it is time to visit the restaurant where a delicious birthday meal is waiting. Enjoy!

Come to Madurodam and make your birthday an unforgettable experience!
